Ms. Merve ÇELEN UZGUR

Your request dated 25.01.2024, in which you requested a documentation of the contents for English Block Practice I and II courses to be submitted to the German body for recognition of foreign diploma, has been reviewed by our Dean's Office.

Block Practice courses are practice studies taken within the scope of Block Practice I and Block Practice II courses which are part of the Social Work Bachelor Program curriculum, and carried out within a framework of time, duration and subject standards which are determined according to the characteristics and requirements of the Bachelor education, to reinforce the theoretical lessons. The 3rd paragraph of the 6th article of the Principles for Block Applications of the Bachelor Program of the Atatürk University Faculty for Open and Distance Education Social Work says as follows: *"Block Application is carried out within the working days and hours of the units, for 14 weeks and six hours a week. Application days and hours are determined by the application unit official. Each student is obliged to attend practice 24 hours a month. Time spent on transportation and report writing is not included in this period."* In accordance with this provision, it is obligatory for students to attend Block Practice I and II courses. In addition, during the application period, students will have to prepare studies as "Individual Social Work", an "Unit Introduction Report" and an "Activity Report" for the Block Application I course, and a "Preliminary Information and Introduction Report", a "Process Report", and an "Evaluation Report" regarding a project they have prepared for the Block Application II course.

It has been determined that you have successfully completed the Block Practice I course in the Fall Semester of the Academic Year 2015 - 2016, and the Block Practice II course in the Spring Semester of the Academic Year 2015 - 2016, at the Zeytinburnu Boys' Orphanage affiliated with the Istanbul Provincial Directorate of Family and Social Services.
